Mother and Sister.

## TALK BEHIND CLOSED DOORS

Women State that Man Claiming to  
Be Former Bank Clerk Fails to Re-  
call Many Incidents They Bring  
Up—Mystery Not Solved.

Niles, Mich., Sept. 30.—Negotiations between the man who claims to be George A. Kimmel, the "man of mystery," Mrs. Estella Kimmel, Mrs. Edna Bonslett, her daughter, of Chicago, are all off.

A conference lasting several hours was held between these people behind closed doors absolutely without result so far as adding proof to the identity of the mysterious man is concerned.

The two women reiterated before and after the interview that the man bears no resemblance to the original George Kimmel and he was unable to recall old-time incidents of his boyhood. The memories of the principals failed utterly to reach any common ground where they could agree on details, and when the conference ended the riddle stood just where it has from the first.

Two stenographers were present to record all that was said, one for each side. Neither of the men had a word to say, all the talking was done by Kimmel and the two women. Kimmel had good command of himself throughout, the only exhibition of anger was when he spoke of his uncle, Charles A. Johnson, the former Niles banker, whom he bitterly denounced and charged with responsibility for all his moves and declared that the rejection of himself by his relatives was to save Johnson.

HOSPITAL PATIENT  
IS PLACED UNDER  
ARREST BY D. U. R.

A warrant was issued Friday for the arrest of the man who gave his name as Ferguson, and who claimed that he was run down by an automobile in this city Saturday, on a charge of false pretenses preferred by the D. U. R.

The D. U. R. has been making investigations during the past week in the case of this man who claims to be an employee of the company and who was taken to the University hospital by them after the accident. The Jackson address given by him as his home was found to be a false one as no such number existed. He is still in the hospital at Ann Arbor where he is being watched by D. U. R. men.

YOUNGSTERS ANSWER  
CHARGE OF STEALING  
BICYCLES BEFORE JUDGE

Three youngsters who have been seemingly responsible for the disappearance of more than a dozen wheels in this city, and Ann Arbor were disposed of by Probate Judge Leland Thursday morning. As all the offenders were before him for the first time and promised to settle up and behave in the future, the judge suspended sentence with the warning that any more such capers would mean the state reform school for them.

EX-SOLDIERS AND SAILORS!  
ATTENTION!

One of our comrades in the old days, Captain Edward Perry Cook, loyal to every patriotic instinct, having passed from earth lies in his home, No. 516 East Forest Ave., awaiting the last sad rites Monday morning at 10 o'clock. It was very much desired by him and also by his family members, which are three sons and four daughters that the ex-soldiers and sailors living in Ypsilanti and vicinity attend the funeral in a body.

As many of the "Boys" as can possibly respond to this request, please "fall in" in front of L. Davis' store at 9:30 o'clock, Monday morning, to proceed thither.

MAJ. BRITTON RECEIVES  
CARD MAILED ON THE  
FIRST AERO ROUTE

Major Britton is in receipt of a card from George McKay who is studying at the Moissant school at Garden City, which was sent through the first aerial route in the United States. The card was carried by Covington who makes the route from Nassau, N. Y., to Minola in a Bleriot plane. In the card he states that he is nearly ready for his license so it will probably not be long before he will return to his home in this city. The card also bears an aerial special despatch mark. The card was carried by aeroplane from Nassau to Minola and the rest of the trip was made by rail.

RECEPTION AT  
HIGH SCHOOL  
FOR FRESHMEN

A reception with particularly pleasant features was given Friday evening at the central high school building for the freshmen by the students of the other classes. At least two hundred and twenty-five were present. The program consisted of vocal solos by Miss Grace Giberson, Miss Mabel Cass, and George Becker, a piano duet by Miss Giberson and Miss Bertha Williams, and several readings by J. Stuart Lathers of the Normal College faculty.

Each person was presented with a souvenir of the occasion, which consisted of a white silk ribbon badge. The picture of a girl holding the high school banner was done thereon in green, while the printing of the dates, 1911 and 1915, etc., was in red.

The next feature in the entertainment was furnished by matching quotations, which had been cut in a number of pieces. After this Principal Frank U. Quillin superintended a cracker eating contest. Win Davis and Cyril Seckinger captained the two teams of ten boys each. Each person was given two crackers and, when the first boy on each side had disposed of his cracker sufficiently to whistle, he did so and the next boy followed suit. Win Davis' team finished first and won.

BAKEMAN-BECK WED-  
DING AT BRIDE'S HOME

On Thursday evening at eight o'clock the marriage of Miss Gladys Bakeman of this city and Roland Walter Beck of Ann Arbor occurred at the home of the bride's mother, Mrs. Katherine Bakeman, 609 St. Johns St. The ceremony was performed by Rev. James Lawrence, an intimate friend of the family who is the Methodist minister at Windsor, Ontario. The bride was attired in pink messaline over which was draped white chiffon. She was attended by Mrs. Julius Robinson of Ann Arbor, who was gowned in yellow satin. The best man was Julius Robinson. The bride was given away by her mother.

There were about forty out-of-town guests, inclusive of the Alpha Sigma Kappa, to which fraternity at Ann Arbor the groom belongs.

Mr. and Mrs. Beck went on a wedding trip to Niagara Falls, from which point they will return on Sunday, October 8. They will make their home in Ann Arbor, where Mr. Beck is engaged in business.

FIFTY-FOUR HOURS IS  
POSITIVELY THE LIMIT

The State Labor Commissioner is notifying merchants here and in nearby towns that the law allowing female help to work but fifty-four hours in any one week would have to be carried out. No woman clerk or employee can be employed in the state more than ten hours in any one day. In the busy season the milliners will probably have to work two shifts to wait on the trade.

## FIRE AT WHITE CITY

Flames Threaten to Wipe Out  
Chicago Resort.Several Wooden Amusement Devices  
Destroyed Before Blaze Is  
Under Control.

Chicago, Sept. 30.—Fire attacked the White City, the big amusement park at East Sixty-third street and South Park avenue, shortly before 2:30 p. m. and in a short time had spread through the wooden framework of a number of buildings and devices in the southeast corner of the park. Before the arrival of firemen the blaze had grown to considerable proportions and for a time there was every indication that there would be a clean sweep of the grounds.

The scenic railway was destroyed and the figure-eight and a portion of the water chutes suffered serious damage. There were no casualties.

The fire was discovered by a private watchman at the park in the most remote corner of the southeast section. He immediately turned in an alarm, which brought a single company to the scene in short order. The firemen, recognizing the danger the whole park was in, turned in a 4-11 alarm without further ado and brought a score of engines to the scene. More than an hour's hard work was necessary before the flames were under control.

GOOD PROGRAM  
FOR TEACHERS  
ASSOCIATION

John P. Everett of the Normal College, who is secretary of the Michigan State Teachers' Association, has announced a number of attractions for the convention in Detroit November 2 and 3, which will have headquarters at the Cadillac hotel and meetings in the armory and the Wayne pavilion.

President W. T. Frost, of Berea college, Kentucky; Prof. Henry Suzzallo, of the psychology department of Teachers' college of Columbia university, New York; Prof. Warren H. Wilson and Gov. Osborn and President E. A. Lyman, of the association.

Simultaneous meetings will be held in both armory and pavilion and each speaker will appear at both as will also be the case with the singers for a grand concert.

For this concert Mr. Everett announces the engagement of Madame Bernice Pasquali, who gave such satisfaction to music lovers last season; and the Croton quartet of New York City, of which Frank Croton, the noted basso, is leader.

The State Teachers' association is also by state law a state institution, and the law provides that school boards throughout the state must allow teachers to attend on full pay, if they so desire. This ensures an immense attendance and Secretary Everett estimates that fully 8,000 teachers will be present in Detroit. There were about 5,000 at Battle Creek and Saginaw.

An efficient local committee of Detroit teachers, of which Principal J. F. Thomas, of the Washington Normal is chairman, are making preparations for the care of this multitude.

Gov. Woodrow Wilson, who had been invited as one of the principal speakers, will not be able to be present. So far no definite answer to a similar invitation extended to Speaker Champ Clark has been received.

PLANS ON FOOT FOR  
CELEBRATION OF  
50TH U. OF M. YEAR

Ann Arbor, Sept. 30.—At the meeting of the board of regents of the U. of M. this week it was decided that steps should be taken toward celebrating the 75th anniversary of the founding of the University of Michigan. They asked President Hutchins to ask the University Senate, the Alumni association and the Michigan Union to cooperate with the regents in properly celebrating this diamond jubilee. Whether it will occur at commencement time or at the opening of college next October was not determined.

## ITALIAN CRUISER REPORTED ASHORE

TURKEY APPEALS TO POWERS TO PRE-  
VENT WAR—U. S. IS REQUESTED TO  
LOOK AFTER TURKISH SUB-  
JECTS WHO ARE IN ITALY

Salonica, European Turkey, Sept. 30.

—An Italian fleet this morning bombarded the harbor of Prevesa, in the province of Epirus, European Turkey, into which two Turkish torpedo boat destroyers ran yesterday when fired upon. One of the destroyers, hit by several shells, ran ashore, and the crew was saved.

In this morning's bombardment the other destroyer was sunk and the government house on shore was demolished.

Turkish officials are surprised at Italy's attack on Prevesa in view of the Italian position that the theatre of war should be kept in Tripoli.

Berlin, Sept. 30.—The Wolff Bureau has received the following dispatch from Tripoli: There have been no hostilities here up to the present. The Turks and the Italians are in a waiting attitude. Reports in native circles have it that Italian troops have landed to the westward of Tripoli.

Constantinople, Sept. 30.—News reached here early today from the city of Tripoli to the effect that a large Italian cruiser had gone ashore there.

The United States has been asked to take charge of the interests of Turkish subjects in Italy during the continuance of the war.

The Turkish government today addressed another appeal to the powers expressing pain and surprise at Italy's action in declaring war yesterday and saying that there is still time to prevent the disastrous and evil effects of a war which nothing in the attitude of the Turkish empire justifies. The Porte appeals to the peaceful, humanitarian and friendly sentiments of the powers to assist in convincing Italy of the conciliatory intentions of Turkey and so prevent the useless shedding of blood and grief to thousands of families.

The German ambassador to Turkey, Baron Maschall von Bieberstein, notified the Porte this morning that Germany has assumed the protection of Italian subjects and interests in Turkey. The Italians in Turkey number 50,000.

Malta, Sept. 30.—The cable lines to Tripoli were open this morning, but apparently messages from there are being suppressed by the Italians, who are supposed to have taken possession of the wires.

APPOINTMENTS MADE AT  
THE M. E. CONFERENCE  
FOR THIS VICINITY

At the Methodist Episcopal conference held in Flint, the following appointments for this county and vicinity were made:

Azalia, G. W. Hoffman; Blissfield, Thomas Greenwood; Carleton, Chester H. Brewer; Deerfield, James Priestly; Dundee, William E. Brown; Milan, Edgar L. Moon; Monroe, Howard Goldie; Samaria, George F. Hathaway.

## NOTICE.

Hereafter no person shall, himself, or by another, post, attach, place, paint or stamp any placard, show bill, or advertisement of any description whatever (except such as may be expressly authorized by law) on any street, fence, sidewalk, lamp-post, post, box, bridge, building, or any other public place or object in the city, (except on billboards expressly provided and used for such purpose). It shall be the duty of the marshal, deputy marshal and special deputy marshal of such city to see to the enforcement of this section, and to make complaint against any person violating the provisions thereof.

P. W. CARPENTER, Sec. 930-102

Tripoli, Sept. 30. — An Italian destroyer entered the port under the white flag and brought a summons for the surrender of the Turkish garrison. The Turkish authorities refused.

Rome, Sept. 30.—It is officially announced by the Italian government that from 2:30 o'clock in the afternoon of Friday a state of war existed between Turkey and Italy.

The neutral powers were notified and the statement was made that the Italian fleet would at once blockade the coast of Tripoli. The Italian government engages to safeguard the lives and property of all foreigners in Tripoli.

Actual hostilities have opened. The Italians have landed at Tripoli and Benghazi, which is 420 miles east by south of Tripoli.

An official statement from the foreign office says that Turkey's reply to Italy's ultimatum is not as explicit as

MEHMED V, SULTAN OF TURKEY.

was demanded, but is evasive and dilatory. In consequence of that fact the government declared war against Turkey.

Over 30,000 men have been mobilized for service in Tripoli and elsewhere and are all ready to start, under command of General Caneva.

Forty transports with steam up are ready at various ports to take these men aboard and sail away.

Three squadrons are ready with steam up and under orders. The first is to intercept the Turkish fleet at Beirut, blockade Turkish ports and prevent any blockade running. The second squadron has orders to patrol the Red Sea and the third is to remain in reserve at Taranto.

## FIRST CAUSE OF TROUBLE

Treaty Closing Russo-Turkish War  
Gives Italy Tripoli Rights.

New York Sept. 30.—The trouble between Turkey and Italy dates back to 1878, when, with the making of the treaty concluding the Russo-Turkish war, the powers are understood to have agreed to permit Italy a "pacific penetration of Tripoli."

Turkey claims that this right has been respected ever since. Italy has colonized Tripoli until her interests there are very great. She has asserted however, that her subjects have been mistreated by the Ottoman authority and discriminated against. Frequent disputes have arisen, but the prolonged negotiations have never resulted satisfactorily to Italy.

## Italians Leave Tripoli.

Tripoli, Sept. 30. — The demonstration of the Italian fleet off this port, it is now seen, is in the nature of a tentative blockade. The steamships Adria and Ercola have left here with the remainder of the Italian colony. Tripoli is now deserted save for Turkish soldiers and Arabs.

SATURDAY, SEPTEMBER 30, 1911

We wish every citizen of this part of the country at all interested in good roads might have taken a ride after the recent rains over the road from Ypsilanti east to the Wayne county line. We doubt if he would need any additional argument to convince him that this road is little short of a disgrace to the community. There is only about two miles of it, but this is two miles too much in its present condition. It is said that the winter

time is the best time of the year in which to construct a first-class gravel road. Why can we not all cooperate in getting this piece of first-class road constructed this coming winter and thus demonstrate to Wayne county that Washtenaw is ready and waiting for the completion of their splendid cement road to within a couple of miles of Ypsilanti this coming year? And there is another piece of road which does not reflect credit upon this community. It begins at about Oakwood avenue in the city limits and extends west to within about a quarter of a mile of the Lake Shore railroad. Part of it is within the city limits. It has been a poor road for five years. It is a very poor ad for our city. There are thousands of people pass over it in automobiles, and it affords them either their first or their last impression of our city. We cannot afford to have them either bring or carry away the unavoidable impression which this road creates.

Willis, Sept. 30.—Miss Mabel Walters is home from Bay View. A crowd went to Adrian to the Fair Thursday.

MARTINSVILLE

Martinsville, Sept. 30.—Miss Emma Borrusch who has been spending a few days with her parents has returned to Detroit where she is working.

Mr. and Mrs. Rounsifer made a business trip to Exeter, Tuesday. Mr. and Mrs. Theo. Sheldon received word from Milan that their son's wife, Mrs. H. L. Sheldon, was ill with typhoid fever.

Wm. Rounsifer and family, J. L. Rounsifer and family and Lee Smith and family of Belleville were the Sunday guests of Mr. and Mrs. Malcolm Smith.

Mrs. Mary Allen entertained her two daughters—Mrs. Theodore Harrison and Mrs. A. V. Jones, of Plymouth, last Saturday and Sunday.

Mr. and Mrs. J. D. Palmer entertained Sunday their daughter and husband, Mr. and Mrs. Joe Cotts of Belleville also the latter's father, Mr. Cotts, of Smithville.

Mr. and Mrs. Willis Sheldon were very pleasantly surprised last Sunday evening when a company including the Rev. Mr. Westinghouse of Detroit gathered at their home and held a meeting. Mr. Sheldon is 79 years old and has been an invalid for over four years and able to get out very little.

Mrs. Pepke has been entertaining friends from Detroit at her home for the past week. They returned to their home Wednesday and Mrs. Pepke went with them.

Austrian Red Tape.

At Kopsit, near Bruck, in January last a miner named Brzek risked his life in saving a boy from drowning. His heroic action cost him a severe cold, resulting in a long sickness. On the advice of friends, he appealed to the authorities for some assistance. After a delay of several weeks he received an answer informing him that he had been fined one crown because he had omitted to place the proper stamp on his petition for help. Austrian red tape could scarcely go farther.—Prague correspondence Fall Mail Gazette.

## MANY CLAIM MISER'S COIN

When It Is Learned He Left \$20,000 Heirs Appear.

Muskegon, Mich., Sept. 30.—The discovery that Adelbert Hilton, an eccentric Civil War veteran and recluse of the village of Montague, who died at Koozka, Ia., while on a western trip, left an estate that will total nearly \$20,000, has brought to light a host of heirs.

The old man, who lived in squalor and was supposed by his neighbors to be very poor, was apparently shunned by his relatives while living. When the probating of the estate showed that Hilton had left mining stock worth \$10,200 and other valuable property, the relatives began to be heard from, including one sister, Mrs. Naomi Hilton Moulton, of this county.

Complication is added to the division of the estate by the fact that among the papers of the recluse has been discovered a certificate of deposit for \$6,000 issued by a Colfax, Wash., bank. The principal cannot be collected until October, 1915, as the certificate was issued in 1903 by the bank to replace the original certificate which was lost by Hilton.

## PITCHFORK STAB IS FATAL

Farmer Injured in Odd Manner Dies on Way to Hospital.

Bay City, Mich., Sept. 30.—Harry Paze, farm hand about thirty years old, was brought to Bay City from Guilford, Tuscola county, suffering from a pitchfork stab in the brain, and died as he was being transferred from the railroad station to Mercy hospital. It is said the injury was inflicted accidentally.

Paze started work for a Guilford farmer and was standing near men who were pitching hay onto a wagon. He walked towards one of the men and the latter, unable to see him because of a large pitch of hay on his fork, is said to have struck him. One of the tines penetrated the right eye sinking several inches into the brain.

## PLANS COMMISSION CHARTER

Fremont Will Vote on Proposition in November.

Fremont, Mich., Sept. 30.—The people of Fremont will have a chance to vote on a new charter Nov. 7. This is the one drafted by a commission of citizens for city government, Fremont having arisen to the dignity of a city by virtue of its having 2,000 inhabitants.

The proposed charter has been taken to Governor Osborn for approval. It provides for three commissioners one of whom shall be mayor; three members of the board of review and one assessor, the four to represent Fremont on the board of supervisors.

## RIGS COLLIDE; TWO HURT

Postmaster and Carrier Badly Injured in Newaygo.

Newaygo, Mich., Sept. 30.—Postmaster Louis Mersen and Mail Carrier William A. Myers collided on the main street while driving. The horses became frightened and ran away.

Both men were thrown violently from their respective rigs and were picked up unconscious in the road. They were carried to their homes and attended by physicians. It is feared internal injuries may prove serious.

## BRAKES FAIL; CARS JUMP

Lansing Motorman Sustains Broken Leg in Collision.

Lansing, Mich., Sept. 30.—A city car ran into the rear end of a Jackson in suburban car while the latter was standing still on South Washington avenue.

As a result Milo Scott, motorman on the city car, sustained a broken leg and the front end of his car was badly damaged. It is said the accident was caused by the brakes on the city car failing to work.

## Cut in Two by Train.

Port Huron, Mich., Sept. 30.—When William McGeister, Jr., of Point Edward, attempted to cross the railway tracks in the tunnel yards at Sarnia behind a freight car, the train suddenly started and knocked him to the ground. The wheels of one car passed over him, cutting his body nearly in two. He died twenty minutes later.

If You Don't Know About Hyomei Try it at Duane Spalsbury's Risk.

Nearly every reader of the Press has read about HYOMEI, but many of them continue to suffer from catarrh just because they do not exactly understand just what HYOMEI is.

To those sufferers Duane Spalsbury says you don't have to know anything about HYOMEI except that you breathe it and that it does not contain cocaine or opium or any harmful drug.

You can find out all about HYOMEI without taking any chances whatever. Just get an outfit today, read the simple instructions, give it a fair trial and then if you are not willing to say that it is the best remedy for catarrh you have ever used Duane Spalsbury will gladly return your money.

A complete HYOMEI outfit costs but \$1.00. Extra bottles, 50 cents.

## Hit by Cars; Rib Broken.

Monroe, Mich., Sept. 30.—While attempting to cross the D. U. R. tracks near Third street with a horse and wagon, Dennis Navarre was struck by a car and thrown to the ground. He sustained a broken rib and was also badly bruised. The wagon was smashed but the horse escaped injury.

## Killed Friend in Brawl.

Traverse City, Mich., Sept. 30.—Louis Ferillo, the young Italian who killed Al. Bardick in a saloon brawl in Wexford several weeks ago, pleaded guilty to manslaughter and was sentenced by Judge Mayne to from five to fifteen years in the Ionia reformatory.

## Snow Falls at Calumet.

Calumet, Mich., Sept. 30.—The first snow of the season fell here. It was very light. The temperature was below freezing at noon, it was warmer at night.

## The Hidden Purpose.

A young lieutenant from a New York regiment surveyed the Texas scenery gloomily and reflected upon his great distance from the lights of Broadway. The smoke from a snail and the swirling sand from the low lying hills had spoiled the lieutenant's disposition. "Tell me," said an editor from El Paso, "isn't there some hidden purpose behind this mobilization?" "There is," replied the lieutenant. "We are going to force Mexico to take back Texas."

## Wore Outer Clothing Only.

Centuries ago, as Sir Walter Scott says in "Ivanhoe," men wore one thickness of clothes, whether of wool, leather or velvet. The shirt was invented, but for a long time was worn only by the nobility and gentry. Then followed the waistcoat, breeches and, later on, trousers. The overcoat, which succeeded the mediaeval cress, was rare until the seventeenth century.

## Fish-Eating Germany.

The inclination of the German nation to eat all kinds of fish in all kinds of forms is supported by a lively propaganda on the part of our fishery interests, rapidly and steadily increasing.—Tagliche Rundschau.

## Slap at Sockragettes.

The hand that rocks the cradle is usually too busy washing the dishes to bother about ruling the world.—Washington Post.

## The End of This Ad is for You Read Carefully

Business Men—Let the Ad Man ask you one question. No doubt you have thought many times you would like to know the best and cheapest way to reach the vein of trade and hold it. Allow me to advance one little simple idea—keep yourself and business continually before the people. Be generous, and give the consumers a little inducement, and you have found a chain of friendship and the links are welded so strongly it would take a lion's strength to break them. Let me say, up-to-date Hustlers, I have an advertising method which will win the trade and it will be successful for YOU. You will have to give no ticket, coupon or trading stamps to bother you in your business. Now little bright eyed Girls and Boys—this means you. Have papa and mamma trade where you see the sign of Hammer's Method displayed in the windows. Save the cash slips. Come to the Add Man's Store on Huron street when you get \$10.00 and he will give you a due bill—just as good as cash—and a few of them will get you a nice Xmas Present.

## WILL PAY \$20,000 FOR LOST HANDS

Jersey Courts Sustain Verdict In Boy's Favor.

## AGAINST RAILROAD COMPANY.

Working Lad From Hungary Was Injured In Coal Car Accident—Valuations Placed by Juries on Injuries to Person Recalled.

## JURY VALUATIONS OF INJURIES TO PERSON.

Damage suits prices for human bodies and parts thereof have gone up a bit since a justice decided in New Jersey ten years or so ago that a child's life was worth but a dollar. Here are some recent verdicts: Heart—A boy's; damaged by an auto in Astoria, N. Y., \$5,000. Eye—A woman nurse's; in Portland, Ore., 11,300. Throat—A man's; hit by a Brooklyn ambulance, 30,000. Throat—A woman's; cut by a knife; in New York, 2,500. Tooth—A man's; dropped in his lung by a California dentist, 3,000. Voice—A woman's; spoiled by a train smash in Minnesota, 11,500. Jaw—A New York cabman's; broken by a medical passenger, 2,000. Finger—A machinist's; mangled in Nebraska, 4,000. Elbow—A man's; broken by a Long Island railroad train, 13,000. Nervous—A girl's; injured by a slammed New York subway door, 25,000. Heel—A baby's; torn off by a White Plains (N. Y.) car, 8,000. Spleen—A brick mason's; broken by a fall in New York, 6,000. Hair—A factory girl's; scared bald in Minnesota, 2,000. Kidney—A carpenter's; broken in scaffold crash at Niagara Falls, 14,000.

The New Jersey courts have sustained the \$20,000 verdict got by Frank Kovacs, a working boy from Hungary, who lost his hands in a coal car accident near Perth Amboy. The award was at the rate of \$10,000 a hand, or \$2,000 a finger.

This is said to be the highest price on record in Jersey for a boy's hands. Some years ago a justice of that state valued a babe's life at \$1. Since then juries have lifted the cost of accidents. In New York several months ago a jury awarded \$20,000 each to two bridge builders who lost their hands in an accident on the Queensboro bridge. In Brooklyn a jury gave a five-year-old boy \$16,000 for the loss of his arms in a trolley accident. In Manhattan a workman was granted \$17,500 for the loss of his leg, crushed in a cold storage plant.

In June last in Brooklyn the court awarded \$10,000 for the loss of a baby burned to death in a bonfire. In the same month in Manhattan the wife of a workman got \$10,000 for the loss of her husband, a steamfitter, in a power plant of the Brooklyn Rapid Transit. In January, 1911, in White Plains, N. Y., a jury assessed at \$40,000 the value of the left arm and right leg of George J. Tullock, a Lackawanna railroad freight conductor, lost in a railroad accident.

Miss Addie M. Hunt, a trained nurse, got a verdict of \$58,000 for the loss of her legs at the Great Neck station of the Long Island railroad. It was announced that the railroad will not fight any further the \$20,000 award to the Hungarian boy, but will pay the money.

## CARNEGIE PEACE PAPER.

International Organ For Suppression of War.

Working under the direction of Andrew Carnegie and supplied with funds by him a group of former diplomats of various European countries and a few trained journalists are busily engaged upon the preliminary plans for an international newspaper which has for its primal object the extinction of war.

Mr. Carnegie recognizes the fact that the press is the mightiest weapon he can command in his hobby for the creation of an epoch of world peace and to forward his ends has determined to subsidize a powerful publication which can learn the diplomatic secrets of the world and through this means circumvent secret plans calculated to incite nations to war. His plan is to expose the plots of nations far in advance of their culmination.

His theory apparently seems to be that if harmful aggressions can be stopped in the beginning through an exposure of the plans of the aggressors there will be no need of blood being spilled in a war for revenge, defense or retaliation.

From the little that has been disclosed concerning Mr. Carnegie's plans the newspaper will be controlled by a committee residing in Paris. There will be a special correspondent thoroughly in touch with every phase of world politics in every important capital; also a secret "overcorrespondent," usually a former secretary of state. Secrecy is the basic principle of the whole undertaking, and Mr. Carnegie expects to be able to know in advance the innermost plottings of every cabinet in Europe.

A Budapest editor said to have been highly recommended by a former minister of Hungary, is now in Paris working with editors from other countries who have been selected under similar circumstances.

## Daily Thought.

Keep thy heart apart from sorrow, and be not anxious about trouble which is yet to come.

## AUTUMN TOP COAT.

Made in Paris For Smart American Woman.

COAT OF STRIPED CLOTH.

Brown and white camel's hair in a close hairline striped effect is used for this smart looking coat, worn by a young American matron at Longchamps recently. The arrangement of the stripes in crosswise effect on the collar and belt gives a stunning effect. The broad belt adds a long waisted suggestion, which is rather pleasing, as the big collar falls so low at the back.

## Charm of the Lilac Room.

For the real blond to be seen at her best she should surround herself with a frame of harmonious coloring. Lilac being one of her own special shades, it is here suggested as a decorative scheme for her boudoir. Tint the ceiling a soft cream color and panel the side walls with alternate panels of narrow plain lilac card-tride paper and white wide panels with lilac designs, dividing them with narrow white moldings to match the white woodwork. If the room has a hardwood floor, polish and cover it with soft lilac rugs; if not, use lilac filling from the edge of the room to meet the large center rug.

For draperies use the plain cream tint, with the heavier curtains of lilac velours or dainty chintz on white poles. White enamel furniture with coverings to match the draperies is most attractive. The wide, low couch may have a number of pillows in the different soft shades, embroidered in tris, violets and hyacinth designs. The decorative linens may be embroidered to match.

### ALL REGENTS OF U. OF M. RESPOND FOR MEETING —BUT \$40,000 INTO BONDS

Ann Arbor, Sept. 30.—For the first  
time in a long while every desk in  
the regents' room was occupied  
Thursday at the September meeting  
of the board of regents, every one  
of the eight being present. The  
board authorized the purchase of \$40-  
000 worth of municipal bonds as in-  
vestments for the present uninvested  
university trust funds. Prof. Otis  
Cole Johnson was made professor  
emeritus of applied chemistry and will  
undoubtedly be accepted on the Car-  
negie foundation, having been on the  
chemical faculty since 1871.

The board was notified of the gift  
of \$500 from Col. F. J. Hecker of De-  
troit, toward the fund to be estab-  
lished for the new courses in trans-  
portation. Another gift to that fund  
of \$1,000 has been given by Mr. Boyer  
of Detroit.

Because there has in times past  
been considerable difficulty in collect-  
ing laboratory fees, the board passed  
a resolution that hereafter no credit  
will be given any student for work  
done till all dues are paid, and if  
such fees are not paid promptly an  
additional sum of \$1 will be added.

Carl E. Schmidt of Detroit, of the  
firm of Schmidt Calf Leathers, has  
given to the university the sum of  
\$1,000 for the establishment of a fel-  
lowship in the science and art of tan-  
ning; \$600 of this sum is to go to the  
holder of the fellowship and \$400 to  
go for such equipment and apparatus  
as is necessary.

### ACKNOWLEDGE IT

Ypsilanti Has to Bow to the Inevi-  
table—Scores of Citizens  
Prove It.

After reading the public statement  
of this representative citizen of Ypsi-  
lanti given below, you must come to  
this conclusion: A remedy which  
cured years ago, which has kept the  
kidneys in good health since, can be  
relied upon to perform the same work  
in other cases. Read this:

H. V. Deitrich, electrician, 322 Ma-  
ple St., Ypsilanti, Mich., says: "I can  
speak in the highest terms of Doan's  
Kidney Pills. I have used them and  
they have been taken by other mem-  
bers of my family, all of us receiving  
benefit. There is no other remedy as  
effective as Doan's Kidney Pills in re-  
lieving pain in the loins or other trou-  
bles caused by the kidneys. We pro-  
cured our first box of Doan's Kidney  
Pills at Weinmann-Matthews Co.'s  
Store and always intend to keep a  
supply on hand." (Statement given  
December 19, 1908.)

### Permanent Results.

Mr. Deitrich was interviewed by our  
representative on September 20, 1911,  
and he said: "The benefit Doan's  
Kidney Pills brought me has been per-  
manent and consequently, I think  
more highly of them than ever. You  
may continue to use my former testi-  
monial whenever you desire."
